

**Decree no. 2012-232 of 17 February 2012 on the annual declaration on substances at nanoscale in application of article R. 523-4 of the Environment code**

**Ministerial Order of 6 August 2012 on the content and the conditions for the presentation of the annual declaration on substances at nanoscale, in application of articles R. 523-12 and R. 523-13 of the Environment code**

Numatic International Ltd have a long standing strategy to continually improve the environmental impact of its products and have a documented environmental management system which complies to ISO 14001 (Certificate No EMS 59350). As part of this continuous improvement we have objectives to improve the efficient use of energy, recycling of waste plastic and metals, introduction of recyclable packaging and the elimination of toxic and hazardous material used in our products through good design.

This document declares that Numatic International Ltd. are fully aware of the concerns surrounding the use of Nano technologies.

Numatic have assessed substances that are of risk of being classed as nanoscale as described by Decree no. 2012-232.

We can declare that no substance used in the manufacture of products sold by Numatic International Ltd, are required to be registered under Decree no. 2012-232.

A handwritten signature in black ink, appearing to read 'D. Marsh'.
